

Glendale Community Preschool
Monthly Newsletter

December was an amazing month! We had our Christmas Concerts and the Christmas Pot luck, where all family members enjoyed and had fun with Santa Claus! We also enjoyed learning about how different cultures celebrate and welcome winter. We emphasised on how everyone is unique and different but also how we are so similar!

What to expect this month?

During the month of January, we are going to continue to explore different cultures and celebrations. We are going to celebrate New Year's around the world and focus on The Chinese New Year! We also are going to learn about our solar system and galaxies in space. The students are going to have the opportunity to create their own solar systems with natural and recycling materials, they could collect these materials from our indoor and out door areas. We also are going to continue creating our personal portfolio for Math and Grammar where we will continue to practice the recognition of the sound of the letters, numbers and create our own board games.

In January at circle time, we are going to learn to share and we will talk about how we celebrate our Holidays with our families and friends and what we loved to do during winter break!

In case of emergency or absence please email us at teacher.gcp@gmail.com
