

Glendale Community Preschool
Monthly Newsletter

January was an amazing month! We learned about our solar system and we created our own planets using recycled materials. The children created the stars and the moon and worked and improved on their fine and hand eye coordination skills. We celebrated New Years around the world, and learned how different cultures celebrate the new decade. For Chinese New Years we have a special celebration where we learn more deeply about this beautiful culture.

What to expect this month?

During the month of February, we are planning a "Friends are unique and special" celebration. Our circle times are going to be focussed on what being a good friend means, respect our differences, and how we all have some similarities also. We are going to exchange cards with our friends and teachers. We are also going to use natural and recycling materials to build a genealogical family tree. We also plan to learn about how different children around the world use dance, and the different kinds of costumes they wear. We will use recycling materials to build and create costumes for dance, while listening to traditional cultural music around the world.

In February at circle time, we are going to learn to talk about the phoenix of the letters in the alphabet. We are going to play memory games, and also share how we take care of each other and ourselves.

In case of emergency or absence please email us at teacher.gcp@gmail.com

Important Dates: Dates:

- Feb 3rd -World Cancer Day theme /Wear something pink today! 3AM/3PM Class
- Feb 4th-World Cancer Day/ wear something pink today! 2AM/2PM Class
